<b>2022-23 Feeder Pattern from Middle to High School (Zones Approved as of December 1, 2021)</b>				
Note: Feeder patterns provide detailed information on student advancement from one level to another within a particular attendance zone based on a residing address. This table uses one grade level of students to show which school they will be attending as they advance. For example, as the 6th Grade advances through Carver MS the students will be split between Jones (252) and Oak Ridge (77) High Schools. An aligned middle to high school feeder pattern is where 100% of a class of students advances from one middle school to one high school.				
Middle	High	Residing 6th Grade (2021-22)		
		Number	Total	Percentage
132-M-W-4	Horizon	208	276	75.4%
